WORRIED ABOUT PASSING THE GEMSTONE EXAM?

Figures show that students have more self confidence and do better in the examination if they attend one of the free Gemstone tutorial sessions offered by the NAG.

The atmosphere is friendly and relaxed and it is the perfect opportunity to meet your course tutor, along with other students on the course. Tutorials are located in London and usually commence at 10am and finish by 4pm and will include:

- How to use a:
 - Chelsea Filter
 - Polariscope
 - Refractometer
 - Spectroscope
- Past Exam Papers
- Examination Technique

"I learnt lots of useful information and facts that I believe are going to help me pass my exam."

To book your place simply choose a date, complete the booking form below and return to the Education Department. Further details will be sent out about 2 weeks before the tutorial date. The Association reserves the right to change dates and bookings where necessary.
